

Ecology & Evolutionary Biology Departmental Seminar Series: Spring 2010

Date	Speaker	Institution	Title	Host
15-Jan	Jim Drake	EEB, UTK - Faculty Member	Creating and manipulating emergence ... of the hard kind	Echternacht
22-Jan	Jim Bever	Indiana University	Ecological and Evolutionary Dynamics of the Mycorrhizal Mutualism	Schweitzer
29-Jan	Duncan Irschick	University of Massachusetts, Amherst	Animal athletics: From microevolution to macroevolution	Pruitt
5-Feb	Randy Brewton, Stan Guffey, Susan Riechert	Members of EEB & BIO, UTK	Passing Gas: What we learned at The National Academies & HHMI Summer Institute	Riechert
12-Feb	Brad Shaffer	University of California, Davis	Deep phylogeny, recent speciation, and the conservation genetics of turtles	Fitzpatrick
19-Feb	Patrick Hudson	EEB, UTK - MS Seminar	Early vessel evolution and diversification in wood function-Insights from Malagasy Canellales	Feild
26-Feb	Mark Lewis	NIMBioS Guest	Plagued by numbers: Mathematics of emerging wildlife diseases and their interactions with human activities	Armsworth
5-Mar	Shakunthala Sridhara	University of Agricultural Sciences Bangalore, India	An overview of agricultural problems with vertebrates in India	Burghardt
12-Mar	Spring Break - No Seminar			
19-Mar	Marc Johnson	North Carolina State University	The ecological and evolutionary consequences of plant sex	Schweitzer, Bailey
26-Mar	Matt Forister	University of Nevada, Reno	TBA	Fordyce
2-Apr	UT Closed for Spring Recess - No Seminar			
9-Apr	Stan Faeth	University of North Carolina, Greensboro	Asexual endophytes: tiny partners with big effects	Simberloff
16-Apr	Arijana Barun	EEB, UTK - PhD Seminar	The small Indian mongoose (<i>Herpestes auro-punctatus</i>) on Adriatic Islands: impact, control, and evolution	Simberloff
23-Apr	Jim Collins	Arizona State University	TBA	Fitzpatrick
30-Apr	Brian Beckage	NIMBioS Guest	TBA	Armsworth

All Seminars will start at 3:30 PM, Room 307 in Science & Engineering Bldg. unless otherwise stated.

Attendees are invited to an informal pre-talk reception at 3:00 PM in 568 Dabney Hall
