

*Charles Darwin:
The Man
(1809-1882)*

Dr. Tim Berra

Join Dr. Tim Berra -Professor Emeritus of Evolution, Ecology, and Organismal Biology at Ohio State University- as he relates the fascinating story of the life of Charles Darwin, from his birth to his death. In this information-packed 90-minute lecture, Dr. Berra will provide us with an in-depth look at Darwin himself, his family, friends, and writings, and his significance to Western thought.

Thursday, February 9th, 7:30 p.m.
Cox Auditorium, Alumni Memorial Building
On the UT Campus

A Darwin Day 2006 Evening Lecture

FREE and open to the public
