

# Wanted: Summer Research Assistant

## Position description:

Seeking two motivated and capable undergraduate students to assist with a greenhouse experiment designed to investigate the impacts of pollinator-predators on floral evolution. Duties will include, but are not limited to:

- Caring for plants and collecting floral data e.g. measuring flowers and nectar content
- Caring for bumblebees and observing their foraging behavior in a greenhouse
- Observing crab spider behavior

No previous experience is necessary, but applicants must be reliable, willing to learn, and able to work independently. Applicants should be willing and able to work in hot and humid greenhouse conditions, and be comfortable interacting with plants, bees, and spiders.

**Location:** University of Tennessee, Knoxville campus

**Pay:** \$11 per hour

## To apply:

Send a cover letter and CV (or resume) to Amanda Benoit at [abenoit@vols.utk.edu](mailto:abenoit@vols.utk.edu)
